VISITOR PART 2 - HYGIENE RULES FOR THIS PRODUCTION SITE

1. You must notify the company if you are suffering from any form of sickness and / or diarrhoea or if you have suffered such symptoms (see part 1).
2. Full protective clothing as issued by the company must be worn at all times. Hi-Viz vest and safety shoes should be worn at all the time in stores areas. (Visitors might be excluded from wearing safety shoes however high-heeled shoes or open toe shoes are not acceptable; please check with Site Representative).
3. Please remove watches and any item of jewellery apart from a plain wedding band and religious bangles prior to entering the production areas. Do not carry any personal items such as loose change, cufflinks, mobile phones, cigarettes or matches and medicine into production areas.
4. Finger nails should be short and clean. No fake nails or eyelashes can be worn.
5. No excessive make-up and/or perfume/aftershave should be worn.
6. Any wounds should be reported before entering any food area and should be covered with blue plaster provided by CHOKDEE LTD.
7. Wash your hands in the basins provided upon entering production area and after using the toilet. Remember this is a food production area and high standards of hand cleanliness are required.
8. You must remain accompanied by a member of staff at all times unless you have specific authorisation.
9. Smoking is prohibited across the site except in the designated area.
10. No glass or ceramic items are allowed in the factory except spectacles.
11. Please make the Managing Director and/or technical team aware of any items of equipment or any substance or materials you are bringing into the unit, this includes nuts, bolts and screws.
12. If you require any writing equipment please notify technical team. Metal detectable pen is required.
13. Please make Managing Director and/or technical team aware of any medicine you are bringing into the unit.
14. Please ensure that you do not remove any equipment, substance or material brought into the unit once your business here is complete. Take special care to account for all screws, nuts, bolts etc. Loss of such items must be reported to the Managing Director and/or technical team immediately.
15. **Do you have any allergies?** If yes please report it and read our site allergen policy.

16. **PLEASE NOTE:** We are having allergens management system in place and we would like to ask you to notify technical team if you have got with you any products containing any other allergen than the listed above.
17. **NO** mobile phones, cameras and any recording devices allowed in any production areas. If you have any source of photography/recording equipment that you intend to take into the production area you need to ask for permission of Managing Director.
